## IN THE MOOD...

**Freixenet – Mini Black Brut**

Here is an original packaging that could become the rage from the jazz clubs of St-Germain to Barcelona, a little flask that loosens tongues. The small 20 cl bottle is equipped with a black plastic disk meant to be screwed onto the neck like a little microphone. Once this gadget has been mounted, tongues can wag and interviews can begin! The Mini Black Brut is a lovely wine with apple and pear flavors, small long-lasting bubbles and a pretty pale yellow color.

*In bars and clubs, the recommended price is 15 €.*
